English Plus Diving

The three Islands that make up the Maltese Archipelago - Malta, the largest; Gozo, the mythical isle of Calypso; and tiny Comino, famous for its Blue Lagoon - form a very special diving site at the heart of the Mediterranean.

The Islands invite you to discover their natural harbours, bays, sheltered creeks, cliffs, reefs and wrecks. The waters here are some of the most limpid and clear in the world. Visibility is excellent - down to around 30 metres. Making Malta a dream destination for underwater photography. Marine life flourishes in a vibrant display of colours.
