

ENGLISH + DIVING (PADI OPEN WATER)

The three Islands that make up the Maltese Archipelago - Malta, the largest; Gozo, the mythical isle of Calypso; and tiny Comino, famous for its Blue Lagoon - form a very special diving site at the heart of the Mediterranean.

The Islands invite you to discover their natural harbours, bays, sheltered creeks, cliffs, reefs and wrecks. The waters here are some of the most limpid and clear in the world. Visibility is excellent down to around 30 metres. So Malta is a dream destination for underwater photography. Marine life flourishes in a vibrant display of colours.

The **Professional Association of Diving Instructors** is the World's largest and most popular Diver training organization. This certification is recognised at dive centres worldwide and you will learn to dive safely to a depth of 18m with a buddy. Throughout the course, you'll learn the theory of scuba diving, extend your knowledge of dive equipment and improve your diving skills.

Duration:

The Open Water PADI Course consists of the following:

- 4 open water dives and audio visual lectures helped by an easily explained text book which makes the theory side of the course both enjoyable and easy to learn.
